DEATH OF MRS. LIZZIE SANDERS.

On Sunday, Sept. 20th at 1 a. m. Mrs. Lizzie Sanders, died at the home of her sister, Mrs. A. B. Carr Sr. in this city. Mrs. Sanders had been in very feeble health for a long time and death came as a relief to the poor paralyzed body, which had been stricken by the awful malady nearly two months ago. Mrs. Sanders was the widow of the late T. D. Sanders, and had lived in Brazos and Burleson counties since her early girlhood. She was born near Montgomery, Ala., nearly 67 years ago, but came with her father's family to Texas when she was but a child, and has lived here continuously ever since. She was a member of the Baptist church in this city and her pastor Dr. M. E. Weaver conducted the funeral service at the home of her sister Mrs. A. B. Carr, Sr., yesterday afternoon at 4 o'clock, and also at the grave in old Boonville cemetery.

To the sister, Mrs. Carr, two brothers, two grand children, and the other relatives in this city, is extended sympathy in this bereavement.

When the sun's last rays were tingling the giant oaks of the old country cemetery with soft mellow light, on Sunday afternoon her grave was covered with flowers and ferns, and the words of a sweet and solemn prayer fell like a benediction on the scene and friends and loved ones returned to their homes and left her there to "sleep."

Eye Use and Abuse.

Those tired eyes of yours will stand lots of abuse, yet there is a limit to their patience and their power. You may weary along for quite a while, but there will come a time when you will regret your present indifference.

Here are a few hints:—Handsache, Dizziness—Aversion to Bright Light—Sleepy Feeling while Reading—Shriving of Objects either at close range or at distance—Frowning or Squinting—Smarting or Burning Sensation in or around the eyes—Fatigue or requiring stronger light when reading—Dark Spots floating or Bright Lights flashing before the eyes. These are but a few of the many symptoms.

Just think it over. I fit glasses for defective vision and eye strain—that's all, but a little piece of glass will work wonders.

I charge nothing for consultation. If glasses are not needed, I will tell you; if they are I will furnish them at a reasonable price. A trial is all I ask. Neither can you relieve the strain by "hoping your eyes will become stronger." Weak eyes, when in need of glasses, always go from bad to worse.
